Hilo Business Booming—Sheriff's Horse
Runs Away—Pleasant Severance
Reunion—Jimmy Hayes Driving a
Hack—Baseball Scores—Notes, Etc.

(Hilo Tribune, Aug. 15.)

There was a sociable meeting at the Severance home at Waiuanu street last Thursday night. Miss Helen Severance was the amiable hostess of the occasion. There were a series of games of different kinds played. Professor Henshaw received the first prize, the second being awarded to Miss Richardson. The "booby" prizes fell to the happy lot of Mrs. E. D. Baldwin and Dr. W. L. Moore. A piano duet by Mrs. Turner and Mrs. Baldwin greatly delighted those present. Mr. J. H. Bole gave some choice readings on various topics. There were solos rendered by Mr. Levi Lyman and Miss Willis. After this refreshments were served and Miss Severance's pleased guests, to the number of about thirty, departed for their homes.

Captain Roche, of the Roderick Dhu, informs us that during his "on shore" at San Francisco the largest portion of his time is taken up in answering questions about Hilo, coffee, pineapples, prices of land, climate, etc. The genial captain is catching the fever himself and says he will, in all probability, purchase a piece of land and set out a coffee plantation just as soon as he can arrange it. We hope so.

Kilauea is still active and pretty much so at that. The latest news from the Volcano House states that yesterday sixteen fairly large fountains were playing at one time. There are quite a number of people up there. Among those to remain a week or more are Mr. G. P. Wilder and wife, D. H. Hitchcock, Jr., Miss Mazie Atkinson, Miss Zoe Atkinson, Miss Julia Perry, Miss Axtell, Mr. Rumsey, Misses Bond (2), Mrs. Rendon, Mr. H. Deacon, wife and three children, Miss Dillon and Mr. Bruce Cartwright.

The Hilo baseball team has challenged the Olua baseball club. No time has been set up for playing. The game will be played in Hilo and the return one will probably be in Olua.

A dance was promised the victorious boys of the Hilo baseball team on the occasion of their beating the Hawaiian boys 38 to 28. They are anxiously waiting for the promised treat.

Mokuaweoweo is again reported active. Several city people have witnessed smoke on the summit of Mauna Loa.

The Volcano road was completed and the first carriage party arrived at the Volcano Hotel on October 21, 1892.

Sheriff E. G. Hitchcock's carriage, while driven by the family servant on the Kalahele road, was badly broken up last Wednesday morning.

Jack Hayes, clown and all round man of the Wirth's and the Hawaiian circus, is now driving a hack for the Hilo Stables.

The cane season is nearly finished. Near \$2,000,000 worth of sugar has been exported from Hilo direct to Frisco since February 19, 1896.

BOLD ROBBERY.

Palama Street Car Office Loses its
Strong Wooden Box.

Some time during Thursday night the office at the Palama terminus of the Hawaiian Tramcar line was robbed of something like \$400, contained in a strong wooden box with iron fastenings. This container of all the small change brought in by the street cars on Thursday, and other money, was carried away from the office to a point back of Kamehameha, about 250 yards from the stables, and there broken open. It was found at about 10 o'clock yesterday morning, and near by were the plain marks of the wheels of a brake.

Entrance to the office was effected through one of the windows. Although there were two watchmen on duty, the box was as neatly carried away as if no one at all had been near.

Detective Kaapa was put on the track, and although there are some pretty well founded suspicions as to the thief or thieves, no arrests had been made up to a late hour last night.

Police Court Notes.

In the police court yesterday Antonio Martins changed his plea of not guilty to the charge of adultery and pleaded guilty. Sentence suspended until moved on by the prosecution.

Henry Forster and Marie Apukini pleaded guilty to the same charge. Sentence suspended.

Lum Ngit and Ah Chong were found guilty of playing at a game of chance, and received each the sentence of \$10 fine with the usual costs.

Gertie Kaninai and Mary Buck pleaded guilty to the charge of being disorderly

persons. Sentence was suspended until moved on by the prosecution.
The case of Kamaukoli for selling spirituous liquor without a license was begun and will be continued today.

COURT NOTES.

Singular Counterfeit Case—One
Opium Fiend Convicted.

The case of Lucy was discontinued yesterday on motion of J. A. Magoon, her attorney. By a mutual understanding between the Government and Goo Kim, the girl was released from custody.

Ah Poi, charged with opium in possession, was convicted in the Circuit Court yesterday, three dissenting. The jury retired at 11:49 a. m. and returned in three minutes.

Ah Fai was on trial for passing counterfeit money. The case is peculiar from the fact that the money, a fifty-cent piece, was genuine silver, but had been plated with gold. There were no changes in the general appearance of the coin except in color. From the evidence adduced, he was enticed by a Japanese man into one of the seventy-odd brothels that stand out like ulcers in Honolulu. After he left the house he was met by the fellow who took him there and asked for the loan of fifty cents. He gave it to the fellow, and the next morning discovered that his fifty cent gilded piece was missing. He went to the brothel to inquire for it and was nabbed and taken to the police. The case went to the jury at 5 p. m., and after deliberating a half hour without arriving at a verdict, they were discharged.

SCIATICA AND LUMBAGO.

A Woman Suffers for Several Months

Physicians Were Consulted, but Their Remedies did Little or no Good—A Permanent Cure is Effected at Last.

From the Free Press, Corning, Iowa.

A severe attack of sciatic rheumatism and lumbago completely cured, sounds like a marvelous story to those acquainted with the excruciating pains which accompany such diseases, and the unsuccessful treatment they have tried, but that such a cure was really effected is witnessed by the following sworn statement of Mrs. Frank Houck of Hayes, Iowa:

"It was in the spring of 1893 that I was first afflicted with rheumatic pains in my left limb. I consulted physicians of recognized ability, who succeeded in relieving the pain for a time; but in a while the rheumatism returned in a more violent form than before. Again I sought the physician's aid, and in my endeavors to find relief I tried several of the most prominent physicians in various cities in this vicinity. Some of them succeeded in allaying the pain for a short period, but none gave me permanent relief, though I tried several.

"At last, in the spring of 1894, sciatic rheumatism and lumbago in its severest form set in and I was confined to my bed continually, although previous to this I had been very sick the major part of the time. All remedies prescribed did me little or no good. At last, at the solicitation of a friend, who saw an article about Dr. Williams' Pink Pills for Pale People in one of our county papers, I decided to try that remedy, as I thought it would surely do me no harm, even though it might not benefit me materially.

"I secured a half dozen boxes of Dr. Williams' Pink Pills direct, and by the time I had taken two boxes began to experience relief. I continued the use of this remedy as prescribed, and when the six boxes were gone I was fully convinced that they were doing me a great deal of good. I now consider myself entirely cured and firmly believe I owe the marvelous results to Dr. Williams' Pink Pills. A great many of my neighbors are now using this wonderful remedy for various ailments, and all are being greatly benefited by its use. I began taking Pink Pills in the spring of 1895, and the following August was entirely cured, so that I ceased taking them."

[Signed] MRS. FRANK HOUCK.
To confirm the story beyond all doubt Mrs. Houck made the following affidavit:

State of Iowa, County of Adams—ss.
Sworn to before me, a notary public, on the 17th day of March, 1896.

W. E. HELLEN, Notary Public.
Dr. Williams' Pink Pills contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore the shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after effect of gripple, palpitation of the heart, and all forms of weakness either in male or female. Pink Pills are put up in glass vials, both outside wrappers and vital bearing the full trade mark, "Dr. Williams' Pink Pills for Pale People." These pills are sold by Hollister Drug Co., Hobron Drug Co. and all dealers in medicine.

From a statement just issued by the British Board of Trade it appears that in 1894 the United Kingdom produced 188,277,000 tons; Germany, 76,741,000; France, 26,964,000; Belgium, 20,534,000; Australia, 9,573,000; Japan, in 1893, 3,371,000, and the United States, 152,448,000 tons of coal. Canada produces between 3,000,000 and 4,000,000 tons per annum, and in addition imports about half her total consumption, principally from the United States.

Four Different Ways of Cooking.
The Japanese Lead in Good Fish.
Tastes of People Here Run to Muller.

Honolulu has had something of a reputation for having good fish, but according to Hon. W. O. Smith the people do not know a quarter as much about that diet as they should. During a meeting of the Board of Health recently, while commenting upon the report of Inspector Keliipio, he remarked that the Japanese in Japan were far ahead of us in the matter of fish, so many different species of the fish he saw and ate there are generally ignored by foreigners here, the tastes of the people here running to mullet.

At the close of his remarks it was suggested by a member of the Board that the representatives of the newspapers secure a list of fish sold in the local market that are suited to the taste of the foreign population.

Inspector Keliipio has kindly furnished the following list to the Advertiser, showing the names of fifty-one fish and the way they may be cooked: BOILED—Kumu, Weke, Nenne, Kala, Pauu, Ulua, Uhu, Paopao, Omilu, Oku, Kahola, Ulaula, Aku, Mahimahi, Ono, Aawa, Maikoiko, Malolo, Pualu, Palani, Amaama, Awakalamoho, Kawakawa, Ahi, Ula, Aloalo, Ulapapapa, Kuhonu, Moala, Opakapaka, Kapuupuu, Akule, Omaka.

The Ruling Fad

Fac similes of your signature accurately engraved, no matter how badly or how well you write. No matter how many flourishes you affect, we'll portray it exactly as you write it.

The "Four Hundred" are using this style, which for the time being is superseding the plain script; yet for all that it must not be inferred that it is the only correct thing; as even a plain block letter has made its appearance.

Tastes and a leaning to "Fads" have much to do with ruling styles.

We stand ready to cater to your taste.

Our suggestion might help you some also; for you know we keep posted on correct things in that line.

A Model Plant is not complete without Electric Power, thus dispensing with small engines.

Why not generate your power from one CENTRAL Station? One generator can furnish power to your Pump, Centrifugals, Elevators, Plows, Railways and Hoists; also furnish light and power for a radius of from 15 to 26 miles.

Electric power being used saves the labor of hauling coal in your field, also water, and does away with high-priced engineers, and only have one engine to look after in your mill.

Where water power is available it costs nothing to generate Electric Power.

THE HAWAIIAN ELECTRIC COMPANY is now ready to furnish Electric Plants and Generators of all descriptions at short notice, and also has on hand a large stock of Wire, Chandeliers and Electrical Goods.

All orders will be given prompt attention, and estimates furnished for Lighting and Power Plants; also attention is given to House and Marine Wiring.
